Dear Parents & Players,

As President of the Wantirna South Junior Football Club, I have the pleasure of volunteering my time and efforts with a club that has been in existence for over 30 years and is an integral part of junior sport in the Knox area. The legacy of my presidency along with my dedicated committee, will be the same as our predecessors. A commitment to use our skills and talents to the best of our abilities and continue to shape and enhance this club for current and future generations of young children.

Our vision is to be a well-respected football club across the Eastern Football League. Known for our positive culture and one that is a club of choice for families. In addition we will be seen as a proactive contributor to and an integral part of, the community.

Our mission is to ensure children are all given the opportunity to develop skills whilst learning the importance of teamwork and the value of winning and losing. We will create an environment that focuses on having a go, playing for fun, making new friends and creating lasting friendships.

To achieve this our committee is;

- Dedicated to creating a learning environment for both players and coaches
- Ensuring our players and their families have a safe and welcoming environment
- Working to improve our facilities and equipment for the benefit of the community
- Increasing our contribution to the local community Looking to build meaningful relationships with all our key stakeholders
- Striving to create a culture of fun and inclusion

We want all of our players, parents and supporters to feel they are part of a local community club that cares. We believe this all-encompassing approach gives every child an opportunity to be their best and for some, hopefully achieve their dream of becoming one of the elite players of our great game.

The door is always open at Wantirna South Juniors and we welcome you to come down or give us a call to find out more about our operations and how you can become members of the club and help us create history. Kind Regards,

Paul Montgomery
